

Medicine Horse Ranch presents

Building the Muscles of Faith, Trust & Empowerment

An Equine-Guided Vision Quest with Tom Pinkson

August 13, 2016

Location: Tomales, CA

Cost: \$195 per person*

Purpose

To seek guidance, insight, healing, vision, understanding, renewal, empowerment and inspiration for your life path through ancient, trans-cultural wisdom attunement practices.

Process

Explore your own nature, in nature, experiencing the innate wisdom of a natural being in the natural world. We will meet in circle together to explore what we believe in that is bigger than ourselves, then examine what kind of relationship we have to that "larger power".

We will use circle sharing, "inner-cises" and drum journeys, ritual, ceremony, and time in solitude on the sacred Mother Earth to help us create conscious alignment with our life intentions along with learning how to pragmatically access "larger power" in meeting the challenges of our lives. We will pay particular attention to what horses have to teach us as elders, sentient beings who have partnered with humans since the beginning of time.

"Teach me to walk the soft earth as a relative to all that live. Sweeten my heart & fill me with light. Give me the strength to understand & the eyes to see."

- Black Elk

What to Bring:

- Journal
- Colored Yarn
- Water
- Penknife and a straight stick 10 " long, finger-width or less in diameter
- Layered clothing
- Food to share in breaking fast (yes, we will not eat during the day and will break fast sharing the bounty of what each has brought)
- Most importantly bring the truth and authenticity of your soulful self.

* Cost does not include materials or food.

About Tom Pinkson: For over 45 years I have traveled the globe studying indigenous wisdom ways, including completion of an 11 year apprenticeship with Huichol shamans of Mexico, while keeping up with the latest findings of western psychology, wellness practices, brain science and quantum physics which I use to help people wake up, remember and live from the truth of who and what we are and why we are here.

I have worked with thousands of people around the world helping them find and live this truth in their daily lives. Towards this end I have authored four books, including *Fruitful Aging: Finding the Gold in the Golden Years* and *Shamanic Wisdom of the Huichol: Medicine Teachings for Modern Times*. I founded the non-profit organization, WAKAN, and recently developed a Recognition Rite of Passage Program Honoring Elders Program. I know that the truth of our deepest being is the luminosity of unconditional love, wisdom, creativity and joy.
